Additional prescription information for PPO plans

You pay a little Plan pays most

Stage 1: Initial coverage phase

After you pay your annual deductible (if your plan has one), you pay a copay or coinsurance for each prescription you fill. Your plan pays the rest. You enter the coverage gap when the total amount you and your plan pay for covered drugs reaches **\$4,020**.

You pay some Plan pays some

Stage 2: Coverage gap phase

After you and your plan spend **\$4,020**, you pay 25% of the plan's price for generic and brand-name prescription drugs.

You enter catastrophic coverage when your total out-of-pocket cost reaches **\$6,350**. Only the amount you've paid in Stages 1 and 2 and the brand-name drug discount paid by the drug company count toward the total out-of-pocket.

You pay a little Plan pays most

Stage 3: Catastrophic coverage phase

After your total out-of-pocket reaches **\$6,350**, you pay the greater of 5% coinsurance or **\$3.60** copay for generic drugs, and the greater of 5% coinsurance or **\$8.95** copay for brand-name drugs.

Your plan pays the rest of the cost of your prescription drugs for the rest of the calendar year (until Dec. 31).

How we cover prescription medications

We organize them into five tiers and assign a copay or coinsurance to each tier. What you pay depends on which tier your medication falls into. Check to see if the medication has limitations or restrictions, or requires prior authorization.

The formulary

Our list of covered prescription medications is selected and regularly reviewed by a committee of doctors and pharmacists for effectiveness, value and safety—not just price.

Save money on prescriptions

Use a preferred or mail-order pharmacy. You'll pay the lowest copay or coinsurance by using a preferred network or mail-order pharmacy.

Use generics. Ask your doctor about generics. They typically cost less than brand-names and work just as well.

Order a three-month supply. You'll save by ordering three months of your preferred generic, generic or preferred brand drugs.

Important information to know before you enroll

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **1-800-541-8981**.

Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit regence.com/medicare or call **1-800-541-8981** to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2021.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care. In addition, you will pay a higher co-pay for services received by non-contracted providers.

Our plans cover the following Medicare-covered preventive services, along with any additional preventive services that Medicare approves during the contract year.

Abdominal aortic aneurysm screening
Alcohol misuse screenings and counseling
